

The Member Guide (Rules and Regulations) is intended to provide a quick reference as well as a more in-depth explanation of the governing documents of Medina Ridge Condominiums. Should there be conflicts with the Governing Documents and/or Federal and/or State laws, the Governing Documents and/or Federal and/or State laws will supersede the contents of the Member Guide.

Section 1 - Rules and Regulation

Owners/Residents of the Medina Ridge Condominiums shall abide by and assist in the enforcement of all Rules and Regulations. They were not arbitrarily established nor were they created to work a hardship on anyone. They have been developed from the actual operating experiences of other associations and condominiums, the National Association of Housing Associations, the Community Associations Institute, Minnesota Multi-Housing Association, and the Institute of Real Estate Management. With mutual respect and cooperation, we will all enjoy the many benefits of 55 plus condominium living to the fullest. From this point forward Medina Ridge Condominiums will be referred to as MRC, The Property Manager will be referred to as PM and Board of Directors will be referred to as BOD.

MRC hereby establishes this policy with regard to the safety and well being of its Residents and to establish safety and well-being criteria in the Association's building, which criteria are to be applied uniformly to the entire Association.

MRC is an independent living condominium facility for persons 55 years of age and older. MRC does not have medical facilities nor does it provide medical, housekeeping, or home health care services. **A Resident shall remain mentally and physically capable of independent living and have the ability, individually or with the assistance of family or professionals to maintain both their person and residence in a manner which will not endanger in any way**

other Residents in their unit, or the entire building. The Resident is responsible for the cost of all personal services. MRC is not an assisted living facility.

Residents that need assistance can find help through many agencies located in Hennepin County. If a Resident needs accommodation for a disability, MRC must receive a request for the accommodation by, or on behalf of that person. There must be an identifiable relationship between the requested accommodation and the person's disability. The requested accommodation must be necessary for the disabled person to use and enjoy the property (as opposed to being merely convenient). The accommodation must not impose an undue financial or administrative burden on MRC. Failure to comply with all the rules of the association, meaning any action or conduct that violates any of the rules, may result in fines or other appropriate enforcement action.

8.2 Complaints

1. Owners/Residents should attempt to resolve disputes amicably between themselves.
2. Infraction of the Bylaws, Rules and Regulations should be reported to the PM/Office.

Section 9 - Property Management

9.1 Board of Directors

1. MRC is a democratic association. Monthly Fees may be compared to the taxes of a municipality. The ability of the Board of Directors and Association to develop and modify rules and regulations is similar to a municipality passing and amending ordinances. Your Association also possesses the authority to act as an enforcement body to fine Owners/Residents and enforce, if necessary by court action, the rules and regulations that govern.
2. The Board of Directors has a fiduciary responsibility to carry out the duties and responsibilities of the Association. Its authority is comprehensive and includes all the powers and duties enumerated in the Association Governing Documents and Minnesota Statutes Chapter 515B.1-101 through 515B.4-118 (MCIOA). An individual Resident of the Association Board has no authority to act for the Board simply by virtue of being a Board Member.

9.2 Committees

1. To assist the Board of Directors and Officers in accomplishing their fiduciary responsibilities, advisory committees may be used to analyze problems, review facts, gather information, provide alternatives and submit conclusions as recommendations to the Board of Directors.
2. The Board may also create ad hoc committees to accomplish a specific purpose. An example would be a Legal Dispute Committee to aid in resolving a specific legal problem. Ad hoc committees are dissolved when their purpose is accomplished. The Board President may ask volunteers to serve on these committees.

3. Committees that transact Association business should keep and file minutes and report to the Board from time to time with their recommendations.
4. As with meetings of the Board of Directors, scheduled committee meetings are open to the Owners/Residents, unless specifically exempted by the Board of Directors of the Association under reasons permitted in Minnesota Statute Chapter 515B.3-103 (under sub-section 11.1 Owner Resident Participation, #1, paragraphs a, b and c.).

9.3 Ombudsman:

The ombudsman is a Medina Ridge resident, appointed by the Board who serves as an impartial facilitator of communication for residents of MRC. The ombudsman is not an advocate for the position of any person at MRC.

1. Role: The role of the ombudsman is to listen to a person who may have an issue or concern. Sometimes a situation arises where a resident feels the need to bring this information to the BODs attention but is uncomfortable communicating it by themselves. An ombudsman is available to assist them.
2. Responsibilities: Situations that are brought to the ombudsman will be communicated confidentially to the President and the full board and will be kept confidential by all.
3. Qualifications: The ombudsman is a current resident (non-board member) who has lived here at least one year, is not the spouse of a current board member, and serves as a trusted person to relay concerns to the BOD.
4. The term of service would continue until the ombudsman notifies the board that they wish to discontinue in the position.
5. The ombudsman's name will be listed separately underneath current board members.

9.4 Courtesy

1. On your behalf, Board Members have the fiduciary responsibility of directing a non-profit corporation with assets greater than \$20 million and an approximate annual operating budget in excess of \$550,000. Board Members are bonded and serve without compensation, assume many responsibilities and dedicate considerable time and effort to the administration of your Association. They are not managers, maintenance, or cleaning personnel, but Owners/Residents who have volunteered their time and expertise for the betterment of MRC.
2. Please respect and show consideration for the privacy of Board Members. Limit discussion of Association affairs to Agenda Planning and Regular Board Meetings.
3. Problems, complaints, and concerns should always be directed to the PM. See sub-section 8.2 Complaints.

4. The PM will handle all routine Association business in accordance with Board-established policies and procedures and inform the Board of issues or concerns which may require Board action.

9.5 Directors and Officers

1. At the expiration of the term of Office of each respective director, his/her successor shall be elected to serve a term of three (3) years. At the expiration of their term on the Board of Directors, Directors may be candidates for reelection.
2. A vacancy in the Board of Directors shall be filled by a person elected within thirty (30) days following the occurrence of the vacancy by a majority vote of remaining directors, regardless of the number. Each person so elected shall serve out the remainder of the term vacated. Resignations need to be submitted in writing to the secretary and approved by the Board to become effective.
3. At the BOD Orientation Meeting, held within ten (10) days of the election, the Directors will elect Officers to serve at the pleasure of the Board of Directors for one (1) year. Officers of the Association will include a President, one or more Vice Presidents, a Secretary, and a Treasurer. The Directors may appoint other Officers, as in their judgment, may be necessary. Officer duties and responsibilities are further detailed in the Bylaws of the Association.

Section 10 - Elections

Elections for positions on the BOD will be held at the Annual Meeting. The current President presides over the Annual Meeting. The Term-of-Office for newly elected Owners/Residents to the BOD shall begin on the first regularly scheduled Orientation Meeting, where Officers are selected. The terms of outgoing Directors end when the new Board holds its first meeting following the election.

10.1 Eligibility

1. The wealth of experience and knowledge within the Owners/Residents, along with guidance provided by the Management Company will make serving on the Board of Directors a rewarding experience. Previous Board experience is not necessary in order to serve on the Board.
2. Eligibility for candidacy to serve on the Board of Directors requires candidates to be a Owner/Resident at MRC.

10.2 Nominations

To encourage participation in the governing process of MRC and to provide equal access to the entire Association, two options have been established to nominate candidates to the Board of Directors. They include (1) nomination by committee or (2) nomination by the Association.

Desirable characteristics for candidates include wisdom, integrity, good judgment, willingness to commit time and talent for the betterment of the Association.

10.3 Nominating Committee

1. The BOD selects a three (3)-person committee.
2. This committee appoints one (1) of the three (3) as Chair.
3. The Committee should start planning and asking for candidates to run for the Board approximately three (3) months before election time.
4. The Committee will send out to Owners/Residents in June a request for names of those they feel are qualified and would consider running.
5. The Committee shall take into consideration selecting Owners/Residents who have demonstrated the ability to work well with others and have displayed positive attitudes about MRC.
6. The Committee will assign the candidate's names between the committee members equally. Each committee member should approach by phone and/or in person each candidate on his or her list to determine whether or not they have an interest in running.
7. The Committee furnishes in writing to the PM/Office the names of those willing to run. The PM/Office must post names twenty (20) days prior to the election date. Confirm in writing the names of those that decline to run prior to posting candidate names.
8. The PM will advise the Board of the names of the Owners/Residents running twenty-five (25) days before Annual Meeting.
9. The PM will file all results of the contacts made by the committee for future reference.
10. There will be no floor nominations for the Board of Directors at the Annual Meeting.

10.4 Owners

1. At least ninety (90) days prior to the annual meeting, nomination forms will be provided to all Owners/Residents. To nominate an Owner/Resident, you must complete the form and return it to the PM at a stated date at least twenty-five (25) days prior to the election.
2. Persons nominated must notify the PM of their willingness to accept or reject the nomination thirty (30) days before the election date or their names will be removed from candidacy. The names, photos, and resumes of candidates will be posted by the PM/Office on the bulletin Boards. Resume forms will be provided to nominees by the PM/Office.

10.5 Voting

1. Election judges who are not candidates will be appointed by the Board of Directors to count votes and tally results.
2. Voting will be by secret ballot to ensure the privacy of all votes. Each unit's Owner/Resident receives only one ballot distributed at the Annual Meeting.
3. Proxy Authority Forms are available from the PM/Office and must be received at least one (1) day prior to Election Day.
4. At the direction of Board of Directors, the PM/Office will post the names(s) of the newly elected Board Member(s) within two (2) days after the election.

Section 11 - Meetings of the Board of Directors

11.1 Owner/Resident Participation

1. Board Meetings, with a quorum of Board Members present, are open to all Owners/Residents, except for reasons as permitted in Minnesota Statute Chapter 515B.3-103. Meetings may be closed to discuss the following:
 - a. personnel matters.
 - b. pending or potential litigation, arbitration or other potentially adversarial proceedings, between unit Owners, between the Board or association and unit Owners, or other matters in which any unit Owner may have an adversarial interest, if the Board determines that closing the meeting is necessary to discuss strategy or to otherwise protect the position of the Board or association or the privacy of a unit Owner or occupant of a unit; or
 - c. criminal activity arising within the common interest community if the Board determines that closing the meeting is necessary to protect the privacy of the victim or that opening the meeting would jeopardize investigation of the activity.
2. For agenda consideration, an Owner/Resident should submit requests or suggestions, in writing, to the BOD at least ten (10) business days prior to the date of a scheduled Board meeting.
3. Owners are encouraged to participate and they have the right to speak at the Open Forum of regular Board Meetings. To conduct Association business effectively and respond to specific Owner concerns in a timely manner, the Association has adopted the following rules governing the frequency, duration and manner of Resident's statements:

- a. Robert's Rules of Order, latest edition, shall govern the conduct of the Association meeting when not in conflict with the Declaration, Articles of Incorporation, Bylaws, or Minnesota Statutes.
 - b. An Owner/Resident wishing to speak must first raise his/her hand and wait to be recognized by the President or Chair. Once recognized, use the microphone, state your name, unit number, and then proceed with question or statement.
 - c. An Owner/Resident may speak on any issue.
 - d. A person recognized by the President or Chair is the only person permitted to speak.
 - e. The President or Chair has the sole authority and responsibility to ensure all Owner/Resident participation is within the limits specified.

4. Other items may be part of our meetings as determined by the Board of Directors.

11.2 Regular Board of Director Meetings

Board of Director meetings are posted with the date, time, and location.

11.3 Special Board Meetings

An agenda and notice should be posted seventy-two (72) hours in advance. Only agenda items may be addressed. Residents may speak only when recognized by the President or Chair, and then only regarding the subject as defined by the President or Chair.

11.4 Emergency Board Meetings

A meeting that requires immediate action by the Board can be held with no notice.

11.5 Quorum

At all meetings of the Board of Directors, a majority of the Directors shall constitute a quorum for the transaction of business. Directors may participate in a Board meeting by means of remote communication, such as telephone. Participating in a meeting by that means constitutes presence at the meeting and counts towards the establishment of a quorum. The acts of the majority of the Directors present at a meeting at which a quorum is present shall be the acts of the Board of Directors.

11.6 Records

1. One of the most important responsibilities of the BOD is to maintain official records of MRC. The Treasurer is responsible for financial records and the Secretary maintains all other Association records, as required by law. Under the supervision of the Secretary and Treasurer, the primary depository of records is the MRC Office. If a Management Company is retained by MRC, they shall maintain a duplicate set of official records off site.
2. Most official records are available for inspection or duplication by an Owner or authorized representative during regular MRC Office hours. There will be a nominal charge for duplication.
3. For the convenience of Owners/Residents, copies of the monthly minutes and financial statements are also available for review in the Business Office. Removal of these records from the Business Office is not permitted
4. Official records of the Association are maintained at the following address: MRC, 100 Clydesdale Trail, Suite 100, Medina, MN 55340 in the MRC Office.

Section 12 - Financial Information

12.1 Budget

1. MRC is budgeted on a calendar fiscal year basis. The PM and MRC Committees may make budget recommendations to the Finance Committee and/or Board of Directors before the annual budget is approved.
2. Owners/Residents will receive a (30) thirty-day advance notice of new Monthly Fees and Annual Budget, supported by line item details of the Association's yearly budget.

12.2 Summary Financial Report

1. The Finance Committee, through the Treasurer, will submit verbal and written reports to the Board.
2. A monthly Summary Report for Owners will also be posted in the Business Center within 30 days after the end of the applicable month. This report will show actual financial results of operations for the month and cumulative year-to-date. The cumulative will also show total variances from budget. Bank balances will be shown as well.

12.3 Financial Review

1. MRC operates on a fiscal year beginning on January 1. The Board of Directors may change this date.
2. At the close of each fiscal year, the books and records of the Association may be audited or reviewed by a Certified Public Accountant selected by the Board.

3. Property Tax Statements for each unit are mailed directly to the Owner/Resident by Hennepin County. Property Taxes must be paid by unit Owner/Resident.

12.4 Monthly Fees

MRC operates on a budget requiring prompt receipt of Monthly Fees to pay expenses. A delinquency places an immediate financial burden on other Owners/Residents. Late Monthly Fees are addressed as follows:

12.5 Late Payment Policy

1. Monthly Fees are due on or before the first 1st of each month and are considered delinquent thereafter.
2. If a Monthly Fee is not received by the fifth 5th of the month, the PM will send the Owner/Resident a reminder.
3. Monthly Fees not received by the tenth 10th of the month are automatically assessed a \$25 late fee.
4. Monthly Fees not received by the tenth 10th of the month shall also accrue interest from the first day of delinquency at the maximum rate allowed by law.
5. If a Monthly Fee is not received by the twentieth (20th), including the late fee and interest, the PM will send the Owner/Resident another reminder.
6. If a Monthly Fee is not received by the twentieth 20th of the month following the first month of delinquency [fifty (50) days past due], the PM will send a Pre-Lien Letter to the Owner and notify the Association attorney.
7. If the Monthly Fee is not received within ten (10) days of the Pre-Lien Letter sixty (60) days past due), the Association attorney will proceed with a claim of lien and credit and collection procedures. All costs, including legal fees and interest, will accrue to the delinquent Owner.
8. Monthly Fees received late will be applied in the following order: 1) interest, 2) late fees, 3) attorney fees, 4) collection costs, 5) past due Monthly Fees.

12.6 Payments

1. MRC prefers the use of a direct deposit system, whereby all payments are sent directly to the bank and credited to the Association operating account.
2. Monthly Fees are due on or before the first (1st) of each month. Owners/Residents have two ways to make payments: (1) Payments should be made by check, money order, or bank cashier's check payable to MRC. To be timely, payments should be mailed prior to the first

(1st) to be received on or before the third (3rd) working day of the month. (2) Direct Payment is deducted automatically from your bank account and sent to the Association's operating account.

12.7 Replacement and Operating Reserves

1. The Replacement and Operating Reserves help prevent future special assessments that may place a financial burden on an Owner/Resident. These accounts are for future repair or replacement of major building components.
2. The annual budget of the Association shall provide from year to year, on a cumulative basis, for adequate reserve funds to cover the replacement and/or maintenance repairs which the Association is obligated to maintain or replace. The annual reserves shall be determined yearly during the Annual Budget Process.

Section 13 - Insurance

13.1 Master Policy

Pursuant to Section 10, sub-paragraph 10.1 of the Declaration, the Association is required to purchase property insurance adequate to cover the building, including, but not limited to, interior walls, interior doors, built-in cabinets and counters, and electrical and plumbing conduits, pipes, and fixtures. The Association is not required to insure carpeting, draperies, wall coverings, fixtures, furniture, furnishings, other personal property, or any fixtures or other items, installed by an Owner, renter, or any other person or entity.

It is the Owner/Resident's responsibility to purchase and maintain adequate insurance for that Owner/Resident's own benefit insuring that Owner/Resident's personal liability, and insuring the floor coverings, wall coverings, and personal property, and any fixtures and other items supplied or installed by the Owner, a previous Owner of the unit (other than the Declarant), or a renter of the unit. It is strongly recommended that the Owner obtain and maintain what is commonly known as "loss assessment" insurance coverage to cover any insurance deductible that may be allocated to that Owner or that Owner's unit by the Association. Owners are also strongly encouraged to consult with their personal insurance agent or broker to determine whether they have adequate and sufficient insurance coverage required by the governing documents and by their own personal situation.

It is suggested that Owners have proof of insurance to cover any damage to their unit or damage to another unit, or the common areas, for which the loss originated from the Owner's unit.

13.2 Deductible

1. Deductibles are the amounts the Association and/or Owners are responsible for paying towards an insurable loss prior to insurer payment. Typically, the larger the deductible the smaller the premium. In most cases, the insurer requires a minimum deductible as a prerequisite to providing coverage.

2. Owners are responsible for the Association's deductible when a loss originated from their unit, or is caused by Owner/Resident neglect, misuse or by action or failure to take action resulting in damage to their unit, other units, or common areas of the Association. Determining Owner responsibility is the sole responsibility of the Board of Directors. The Association deductible for property coverage may change; if so, the Owner/Resident is notified in writing by the PM/BOD.

13.3 Errors and Omissions

Directors and Officers of MRC are protected by an Errors and Omissions policy. This coverage is part of the Master Policy.

13.4 Owner's Policy

1. Each Owner is urged to purchase an insurance policy on units. The type of policy designed especially for condominium associations is referred to as an HO6 policy. This policy provides protection against a wide range of hazards for personal property both at and away from your unit. It also provides for liability protection against injuries or damage to others arising from the unit itself or personal activities away from the unit.
2. There is a wide range of options to expand basic coverage. Policies may be purchased from a carrier of your choice. Premiums vary depending upon choice of options and limits of coverage.
3. In accordance with the Rules and Regulations of the Association, if damage occurred and originated from your unit, actions, inactions, or negligence and resulted in a claim against the Master Policy of the Association, you may be held responsible for the Association's deductible. **It is your responsibility to ensure your insurer will pay for this deductible. This coverage is referred to as Schedule A, Dwelling. Not all insurance companies offer this coverage.**
4. The Association Master Policy covers the building as constructed by the builder, bare wall to bare wall. Advise your agent of the following requirements of your insurance policy:
 - a. The policy must be an HO6 or Condominium Unit Owner form.
 - b. The Policy should include at least a limit under "Schedule A, Dwelling" equal to the Association deductible which may change from year to year.
 - c. Confirm with your insurance agent that the policy will pay a deductible that you are responsible for up to the current Association deductible.
 - d. Include a provision in your Policy called "Loss Assessment" which will reimburse you for all or a portion of a special assessment levied to meet an insurable, uninsured loss sustained by the Association.

- e. The annual “HO6 – IMPORTANT INFORMATION! The statement received annually from the MRC Master Policy insurance agent/company should be provided to your personal insurance agent.

13.5 Renter’s Policy

This policy, referred to as HO-4 (renter’s policy), essentially covers items addressed in the Owner’s policy. It protects sub-tenants property and liability. Renters should purchase insurance to cover their personal property.

Owners who lease their unit should also carry an Owner’s HO6 Policy.

Section 14 - Owner Meetings

14.1 Annual Meeting of Owners

1. Annual Meetings are to be held each year on a date set by the Board of Directors, which is no later than fifteen (15) days after the anniversary date of the first annual meeting and no earlier than fifteen (15) days prior to the anniversary of the first annual meeting. Owners will be sent or delivered notice no less than twenty-one (21) nor more than thirty (30) days in advance.

The purpose of this meeting is to (1) deliver the annual report, (2) elect Owners to the Board of Directors, (3) receive Officer and director reports on activities and the financial condition of the Association and (4) give consideration to any other business that may properly come before the meeting.

14.2 Special Meetings of Owners

Special Meetings may be called by the President upon being directed by a resolution of the Board of Directors or upon a petition signed by twenty-five percent (25%) of the Owners, having been presented to the Secretary. Owners will be notified not less than seven (7) nor more than thirty (30) days in advance.

The notice of any Special Meeting shall state the time and place of such meeting and the purpose thereof. No business shall be transacted at a Special Meeting except as stated in the notice unless by consent of four-fifths (80%) of the Owners present.

14.3 Quorum

The presence of at least twenty-five percent (25%) of the Owners of the Association shall be required for and shall constitute a quorum for the transaction of business at all Annual and Special Meetings of the Owners. If the number of Owners at a meeting drops below the quorum and the question of a lack of quorum is raised, no business may be transacted thereafter.

14.4 Voting

1. Each unit is allowed only one (1) vote.
2. In case of absence, an Owner may vote by using the proxy authority form.

Voting by Proxy. An owner may cast the vote which is allocated to the Owner's Unit and be counted as present at any meeting of the Owners by executing a written proxy naming another person entitled to act on the Owner's behalf

17.4 Elevators

1. Use the "Door Open" button to hold the elevator doors open for a short duration. Covering the electronic eyes for an extended period of time will cause damage.
2. To prevent marring, protective elevator pads must be installed for movers and large deliveries. Contact the PM/Office to schedule installation and removal.
3. If the elevator malfunctions and you are unable to leave the elevator, use the alarm button to attract attention. If no one responds to the alarm, follow posted instructions to call emergency services.
4. If an elevator should fail to operate while you are in it, press the alarm bell to notify individuals in hearing range that you are in the elevator. 3. The garage door is equipped with sensors to stop it from closing when it detects an object in its path. If the garage door malfunctions, notify the PM.

18.3 Keys and Fobs

1. A Key/Fob policy is needed to protect the security and safety of owners/residents of MRC.
2. The Property Manager (PM) staff is responsible for the issuing of keys and fobs and for maintaining a record of keys and fobs issued.

4. For security and emergency purposes, the PM/Office has a master key to the entrance of all units and locked doors such as Mechanical Rooms, etc. A master key is kept in a locked box in the lobby for use by the police, emergency and fire departments. 8. In the event you are locked out of your unit, contact the PM/Office, if staffed. This service is provided only to Owners/Residents. It is suggested that an Owner/Resident provide a unit key to a relative or trusted friend in case of being locked out of their unit when no PM staff is on site.

Section 19 - Your Unit

19.1 Electrical Circuit Breakers

1. Each unit has its own circuit breaker panel located near the entry door inside the unit. Each circuit breaker switch is labeled to indicate which outlets, lights, or appliances it controls.
2. If a circuit breaker switch has been tripped, try to reset it by pushing the switch to the “Off” position and then back to the “On” position. Try to reset the circuit breaker only once. If the switch does not remain in the “On” position, it may indicate a problem on that circuit, which might require the services of an electrician.
3. There are ground fault circuit interrupter (GFCI) circuit breakers in the bathroom, kitchen and on the balcony outlets.
4. Each unit has an arc fault circuit interrupter (AFCI). The device is located in the circuit breaker panel. This device helps prevent fires in bedrooms by detecting electrical arcs in wiring circuits, lamps, etc.

19.2 Heating and Air Conditioning

1. Each unit is equipped with a heating and air-conditioning system. This system is simple to operate and allows individual control of heating and air conditioning.
2. Heating is provided by natural gas and air-conditioning is electric. Gas and electric costs are the unit Owner's responsibility.
3. To make heating and cooling more efficient, while reducing dust in your home, air filters should be changed at least every six (6) months.
4. If your heating and air-conditioning system malfunctions, consult the PM/Office for the HVAC vendor used by MRC.

19.3 Television

1. Basic TV/Cable service is provided to each unit through a master contract. You will receive basic channels and the cost is included in your Monthly Fee.

2. Additional premium viewing packages are available through the cable service, at an additional cost billed directly to the Owner/Resident.
3. For satellite see supplemental policy

19.4 Utilities

Monthly Fees pay for the following utilities: common area gas and electric, basic cable TV, water and sewer, water softening/heating and rubbish removal.

Utilities not included in the Monthly Fee and to be arranged and paid for by the Owner/Renter include: 1) Electricity (Xcel Energy), (800) 895-4999, 2) Natural Gas (CenterPoint Energy), (612) 372-4727, 3) Television (Premium Viewing Packages), internet or telephone service. Television cable service provider contact information is available from the PM/Office.

19.5 While You're Away

Owners are responsible for keeping informed about Association business and making sure their unit is represented. Therefore, when planning to be away for more than two (2) days the following steps should be taken:

1. Advise the PM/Office of your departure and return dates. Provide an address and phone number where you may be reached or a person to contact in case of an emergency. It would be courteous to let your neighbors know when you will be gone and when you will return.
2. Notify the Post Office to have your mail temporarily forwarded, held, or have a neighbor pick up your mail.
3. Make arrangements with your own housekeeping service, a family member, another resident, etc., to water plants, pay utilities, check on your unit, etc.
4. If you plan to be away for more than two (2) days, shut off the water to appliances such as your dishwasher and washing machine. Continued pressure on appliance valves or hoses may result in premature failure and cause water damage to your unit and/or units below.
5. While you are away, water evaporates from your traps in toilets, sinks, shower, or bathtub and sewer gas may enter your unit. This not only creates unpleasant odors but may be dangerous. To avoid this problem, occasionally have someone flush toilets or run water in the drains.

19.6 Window Coverings

1. You may install curtains or draperies at your expense, as long as they are white, off-white or have a light lining or backing so that the exterior appearance of the building remains uniform from the outside.

Section 20 - Emergency Information

20.1 Alarms

1. The central fire alarm system has annunciators throughout the building, including in each unit. The annunciator looks like a smoke detector, is usually mounted on the wall opposite the unit entry door and is marked "FIRE".
2. A smoke detector in a unit does not activate the central fire alarm system. See sub-section 20.6 Smoke and Heat Detectors for further information.

20.2 Emergency Information Form

1. Keep your emergency contact information updated and on file in the MRC Office.
2. To better enable others to be of help in case of an accident or health emergency, all Residents are urged to complete an Emergency Information form and File of Life form. . Post the File of Life on the refrigerator.

20.3 Fire /Safety Equipment

1. The mechanical and common areas of MRC are equipped with comprehensive fire detection and suppression systems. This includes smoke detectors, heat detectors, sprinkler system, annunciators, and emergency lighting.
2. Fire extinguishers are located on each floor, elevator lobbies and in the garage. Owners/Residents should familiarize themselves with the location and operation of extinguishers.
3. All units are equipped with combination smoke detectors and carbon monoxide detectors, fire alarms and a sprinkler system.
4. See section 20.8 for Emergency Evacuation Plan.

20.4 Power Outage

In the event of a power failure, emergency lights may be activated (estimated light time is less than 2 hours – keep a flashlight handy) in the common areas. Doors between the elevator lobbies and corridors on all floors may automatically close. Doors between the wing corridors and the central common areas may also close.

20.5 Smoke and Heat Detectors

1. Smoke detectors are located in all units: two-bedroom units have four (4) and three-bedroom units have five (5). They are hard-wired into the electrical system with a battery backup.

When activated, a smoke detector will sound only within your unit and will not activate the central fire alarm system. Frequently check your detectors to be certain they are functional by depressing the button on the unit. If you hear a chirping sound, it may indicate the battery is low and requires replacement. Smoke/carbon monoxide detectors installed in 2019 have 10-year lithium batteries.

2. Smoke detectors inadvertently activated by cooking, smoking, etc., will deactivate when ventilated. **DO NOT** ventilate by opening the door to the corridor as that may activate the central fire alarm system WHICH WILL RESULT IN THE FIRE DEPARTMENT BEING SUMMONED TO THE PROPERTY. To prevent accidental activation of a smoke detector, open a window when cooking. Also, use the vent in your bathroom to prevent a detector from being activated by steam from bathing. False alarms will be charged back to the unit Owner.
3. Smoke and heat detectors are also located throughout the mechanical and common areas. If any of these detectors are activated, the central fire alarm system will sound.

20.6 Sprinkler System

1. There are sprinkler heads in every room of your unit, closets, and on the deck.
2. Leave a 12-inch clearance around every head because water flow will not operate correctly if blocked.
3. Do not hang anything from the sprinkler head. Hanging items from a sprinkler head could damage the head/ and or cause an obstruction if the head has to activate.
4. Be careful not to bump the sprinkler head as this may cause the sprinkler to go off.
5. A sprinkler releases 25 gallons of water per minute.
6. Only the fire Department is capable of shutting down the system.

20.7 Tornado or Storm Warning

1. If there is a severe weather or tornado warning , take shelter in one of the following areas:
 - Center Garage Are (most preferable)
 - Building hallway away from windows (second)
 - Most interior bathroom (least desirable)
2. If you are able, please use the stairs to seek shelter in the garage. The elevators should be used by those unable to use the stairs.
3. Each resident is responsible for monitoring severe weather and taking appropriate actions for their own safety during severe weather conditions.

20.8 Emergency Evacuation Plan

1. In case of fire, the elevators automatically shut down and fire personnel and equipment may occupy the Stairwells.
2. If you see or smell smoke or fire in your area you should leave the building.
3. Call 911 if you need assistance with evacuating.
4. If you do not see or smell smoke or fire in your area, you may remain in your unit. IF fire personnel instruct you to leave, follow their instructions on how to exit the building.
5. When the fire alarm ceases, that is the all clear signal. Only fire personnel can shut off the alarm.
6. Each resident is responsible for their own safety when the fire alarm sounds.
